Week 7 Term 3  
25 August 2015

Small Schools Big Impact
On Wednesday 26th August our dancing minions will perform in the Small Schools Big Impact Concert at the Saraton Theatre. Tickets are available for purchase at the theatre for $3. Performing students are free of charge and will be seated together upstairs. Ticket holders will be seated downstairs. Please make sure performers have eaten prior to arriving. Please note there is a combined school performance at the end of the night that we have been practicing during music lessons. We would appreciate everyone staying for the duration of the concert to support all of the schools performing.

Minions will need to dress in full costume ready to perform at the start of the concert. Please meet Mrs Dalgliesh in the foyer no later than 6.00pm, dressed in denim jeans and yellow shirt. Shirts will be sent home on Wednesday (Tuesday for CSI students).

Camp Oven Festival
The Clarence Valley Camp Oven Festival is on at the Nymboida Canoe Centre this weekend. The P&C will be selling a 100 board at the festival. The weekend will be full of fun family activities. See the attached flyer for details.

NAPLAN
This week the 2015 NAPLAN student results have been sent home with year 3 & 5 students. The number of students who participated is below the required threshold so unfortunately we cannot provide details of results. We would, however, like to congratulate each student on their individual achievements.

Brisbane Excursion
Last week our year 5 & 6 students enjoyed a 4 day trip to Brisbane and the Gold Coast with Copmanhurst, Tucabia and Baryulgil schools.

My favourite part of the excursion was...
...meeting all the other girls, making new friends and the roller-coasters at SeaWorld, especially ‘THE STORM’. I really loved every part of the excursion - Viola

...meeting lots of kids my age, and the awesome games we all played. I loved every part of the excursion, from the planetarium, to the museum, to the chatting we had at bedtime - Amoretta

Travelling Science Lesson
Thank you to Clarence Science Initiative teacher Amy Brennan and Coutts Crossing Public School for hosting a travelling science lesson with our senior students recently. The theme of the lesson was ‘Making Waves - The Science of Light’ and was part of National Science Week activities.
